È una finitura trasparente ad effetto soft touch.
CELESTIA FINISH conferisce alla parete un
piacevole effetto tattile con una finitura
leggermente "satinata".
Diluire il prodotto con il 20-30% di acqua ed
applicare in due mani su ARTIC-A colorata.

Transparent top coat with soft touch effect.
Apply CELESTIA FINISH with a short pile roller
on top of ARTIC-A, tinted.

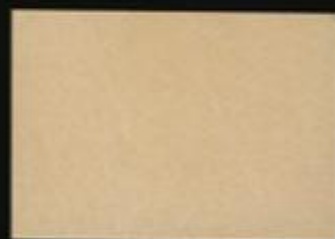

CELESTIA FINISH will be diluted with no less than
20 to 30% of clean water.

CELESTIA FINISH SU ARTICA C 1025

Celestia, Colore e benessere da toccare

Rivestimento decorativo per interni ad effetto soft-touch

CELESTIA è una finitura per decorazioni di interni a base di cariche elastiche che creano un effetto tattile e visivo di cuoio e morbida gomma, con gradevoli giochi di luce e colori.

CELESTIA consente di ottenere soluzioni cromatiche con sensazioni visive così profonde da indurre sempre a "toccare" le superfici colorate, ricevendone emozioni sorprendentemente calde e confortevoli, in sintonia con le attuali tendenze dell'architettura d'interni che ricercano, oltre alla decorazione, anche il benessere degli utenti.

Celestia, Colours to touch

Interior decorative finish with soft touch feel

CELESTIA is an interior decorative finish with elastic charges, which create a peculiar soft touch effect with a leather look and outstanding vibration of light and colour.

CELESTIA originates intense chromatic solutions, with warm and deep visual sensations. Walls become piece of Art, that one may want to touch, in order to get back surprisingly warm perceptions, in harmony with the actual trends of modern architecture. CELESTIA offers not only visual decoration but help create an environment of wellness and spiritual relaxation.
